

Xero API Integration Procedure

Log into Xero App center by going to <https://app.xero.com/>

Select "My Apps" and then "Add Application"

Application Settings:

Type: Private

Name: ImagatecAPI

Company Profile selection: Select the appropriate business.

X509 Public Key Certificate: Paste In (contact us for the certificate details)

Enable Payroll: Ticked

T&C: Ticked

Setup an Application

Are you developing a Public or Private application?

- Public - for use with any organisation that authorises you
- Private - just for use with my own organisation

Application Name

ImagatecAPI

Please select which organisation your application can access:

Demo Company (AU) ▼

X509 Public Key Certificate

- Paste In
- Upload X509 certificate file (.cer)

Copy & paste your base-64 encoded X509 certificate:

- Enable Payroll API for this organisation
- I have read and agree to the Xero Developer Platform
[Terms & Conditions](#)

Select Save

Select Show on Consumer Key and Consumer Secret then copy the text and enter into the relevant Site fields in the Warehouse.

OAuth Credentials

Consumer Key
QZ.....YC

Consumer Secret
LL.....QO

Regenerate Key and Secret
Note, For Private applications, the consumer token and secret are also used as the access token and secret.

API Endpoint URL:

XERO Details	
XERO Interconnect ID :	IMAGATEC (Set by Imagatec)
